To Muhammad and Team Awesome,

I would like to express sincere gratitude to the WWISE team for assisting us, Mothapo Consulting Engineers, with developing and implementing our ISO 9001:2015 Quality Management System.

Through all the stress and anxiety, WWISE held our hand and guided us thoroughly through the development of an efficient system that works well for Mothapo Consulting Engineers, and as a result we went through our Stage 1 and Stage 2 audits successfully, with no findings.

Our team has also learnt a lot about the importance of a Quality Management system through your training workshops and internal audits, which were conducted with the utmost skill and expertise, your teams' professionalism shone through and has rubbed off on us.

We will definitely recommend ISO training to our colleagues in the industry, with WWISE as a preferred choice of consultants.

Yours Faithfully,

Lerato Mabitsela
Quality Management Representative
Mothapo Consulting Engineers
