COVID-19: Consulting Services

The COVID 19 Toolkit is compiled of templates with instructions for use, however, should the Business prefer a consulting service whereby experienced consultants conduct onsite information gathering and risk analysis and complete the necessary documentation on behalf of the business.

COVID-19: Legal Evaluations

Businesses who wish to understand the level of compliance to the Directive can undergo a Legal Evaluation based on the COVID-19 Occupational health and Safety Measures in Workplaces (COVID-19 (C19 OHS), 2020)) Directive issued as of 29 April 2020.

The benefits of Legal Compliance Evaluations include:

- Reduction of the organization's potential legal liabilities through the identification and mitigation of legal risks such as penalties, fines or in the worst case, closure.
- They ensure that organizations are compliant with regulatory and legislative requirements.
- Improvement in the functionality of the area evaluated.
- They give assurance to customers or clients that the organization complies with legal requirements.
- A tool for ensuring that an organization remains up to date with current legislation.

WWISE has a team of competent auditors offering Legal Evaluations based on the COVID-19 Occupational health and Safety Measures in Workplaces (COVID-19 (C19 OHS), 2020)) Directive issued as of 29 April 2020 to assist businesses in ensuring compliance to the Directive.

The Evaluation will highlight areas of strength and weakness which will give businesses a clear indication of the areas of concern and where efforts need to be focused.

Depending on the size and complexity of the organisation, a team of Auditors can conduct the audit at the premises and provide a comprehensive audit report with a checklist to highlight areas of non-compliance and concern.

All prices of the kits and the products are excluding vat. of 15%.
